ASSOCIATION MIEUX PRESCRIRE

"To work, in all independence, in favour of quality healthcare, first and foremost in the interest of patients (...)

(Article 1 of the Association Mieux Prescrire bylaws)

Prescrire International is a monthly journal of selected texts translated from the French journal Prescrire. Prescrire is published 11 times a year by Association Mieux Prescrire, which aims to promote international exchange of quality information on drugs and therapeutics. Website: www.isdb.org

Editorial Staff

Members of the Prescrire Editorial Staff edit a yearly declaration of absence of conflicts of interest, in accordance with Prescrire's "Non merci..." Charter. Members are free from any interest contrary to Association Mieux Prescrire's objectives (the Charter and the Declaration are available online at en anglais.prescrire.org).

Publishing reliable reviews that are easy to use and adapted to readers' needs depends upon complex editorial procedures, all initiated and overseen by the members of Prescrire's Editorial Staff define editorial goals. They oversee the literature search, the writing and rewriting of texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire's subscribers, etc.). They organise internal and external quality control processes, and edit the final copy. Every draft is submitted, before publication, to a large number of outside reviewers.

Details on how Prescrire's content is produced are available online at the Prescrire in English website (english.prescrire.org) see the "About Prescrire" section, "How we work".
