EDITORIAL STAFF
Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire's "Non merci..." Guidelines: personal interests are free from any interest connected to a specific product or company contrary to Association Mieux Prescrire's objectives (the Charter and the Declaration are available online).

Publishing reliable reviews that are easy to use and adapted to readers' needs depends upon complex editorial procedures, all initiated and overseen by the members of Prescrire's Editorial Staff. They define editorial goals. They oversee documentary research, the writing and rewriting of texts, and review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire's subscriber base,...). They organise internal and external quality control procedures, and edit the final copy. Every draft is reviewed, to a large number of outside reviewers.

Details on how Prescrire's content is produced are available online at the Prescrire in English website (www.english.prescrire.org): see the "About Prescrire" section, "How we work".
