Prescrire International: Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire’s “non merci...” Charter. Members are free from any interest contrary to Association Mieux Prescrire’s objectives (the Charter and the Declaration are available online at line.at.prescrire.org). Publishing reliable reviews that are easy to use and adapted to readers’ needs depends upon complex editorial procedures, all initiated by the members of the Editorial Staff. The editorial process follows the following procedure: The Editorial Staff define editorial goals. They oversee the literature search, the writing and rewriting of texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscriber base...). They organise internal and external quality control procedures, and edit the final copy. Every draft is submitted, before publication, to a large number of outside reviewers.

Details on how Prescrire’s content is produced are available online at the Prescrire International website (english.prescrire.org) see the “About Prescrire” section, “How we work.”
