President: Pierre Chirec pharmacist

ASSOCIATION MIEUX PRESCRIRE

"To work in independence, in favour of quality healthcare, first and foremost in the interest of patients (…)" (Article 1 of the Association Mieux Prescrire bylaws)

Prescrire International is a monthly journal of selected texts translated from the French journal Prescrire. Prescrire is published 11 times a year by Association Mieux Prescrire, a non-profit organization (N° 11 711 075) under the French law of 1901. Its board members are: Pierre Chirec (President); Séverine Carré-Pétraud (Vice President); Antoine Grandvalleumien (Treasurer); Jean-Marc Moliard (General Secretary); Marie-France Gonzalvez (MD); Dörte Gunthert (Deputy General Secretary).

EDITORIAL STAFF

Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire’s "Non merci..." Charter. Members are free from any interest contrary to Association Mieux Prescrire’s objectives (the Charter and the Declaration are available online at english.prescrire.org).

Publishing reliable reviews that are easy to use and adapted to readers’ needs depends upon complex editorial procedures, all initiated and supervised by the members of the editorial staff. The Prescrire Editorial Staff define editorial goals. They oversee the literature search, the writing and rewriting of texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscriber base…). They organize national and external quality control procedures, and edit the final copy. Each draft is submitted, before publication, to a large number of outside reviewers.

Details on how Prescrire’s content is produced are available online at the Prescrire in English website (english.prescrire.org) see the "About Prescrire" section, "How we work".

SELECTED CONTENT

Prescrire is a bound and numbered collection of articles and a network of independent drug bulletins which aims to promote international exchange of quality information on drugs and therapeutics. Website: www.isdweb.org
