ASSOCIATION MIEUX PRESCRIRE

"To work, in all independence, in favour of quality healthcare, first and foremost in the interest of patients (…)" (Article 1 of the Association Mieux Prescrire bylaws).

Prescrire International is an independent journal of selected texts translated from the French journal Prescrire. Prescrire is published monthly by Association Mieux Prescrire, a non-profit continuing education organisation (N° 11 711 075) under the French law of 1901. Its board members are: Philippe Mura (President); Pierre Chirac (Vice President); Antoine Grandvalüin (Treasurer); Jean-François Audouard (General Secretary).

EDITORS' STAFF

Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire's "Non merci..." Charter. Members are free from any interest contrary to Association Mieux Prescrire's objectives (the Charter and the Declaration are available on prescrire.org).

Publishing reviews that are easy to use and adapted to readers' needs depends upon complex editorial procedures, all initiated and overseen by the members of Prescrire's Editorial Staff. They define editorial goals. They oversee literature search, the writing and rewriting of articles, and the assembly of an outside panel of experts (medical specialists, methodol-o-gists, representatives of Prescrire's subscriber base). They organise internal and external quality control procedures, and edit the final copy. Every draft is submitted, before publication, to a large number of outside reviewers.

Detailed information on how Prescrire's content is produced are available online at the Prescrire in English website (english.prescrire.org); see the "About Prescrire" section, "How we work."

limited distribution, in small quantities, for solely non-commerical purposes.

All other uses: permission must be obtained in advance, in writing, from the Prescrire International editorial staff.
