ASSOCIATION MIEUX PRESCRIRE

“To work, in all independence, in favour of quality healthcare, first and foremost in the interest of patients (...)” (Article 1 of the Association Mieux Prescrire’s objectives). Publishing reliable reviews that are easy to use and adapted to readers’ needs depends upon complex editorial procedures, all initiated and overviewed by the members of Prescrire’s Editorial Staff. Members of the Editorial Staff are general practitioners. They oversee the literature search, the writing and rewriting of the texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscriber base...). They organise internal and external quality control procedures, and edit the final copy. Every draft is submitted, before publication, to a large number of outside reviewers.

For Belgium and Switzerland:

French: Prescrire (Belgium), a non-profit continuing education organisation (N° 11 711 075) under the French law of 1901. Its board members are: Pierre Chirac (President); Séverine Carré-Pétraud (Vice President); Dörte Gunter (Secretary General); Maryline Andrieux; Marie-Ange Grandvalvain (Deputy Treasurer); Bernard Topuz (Deputy Secretary General).
