President: Pierre Chirac pharmacist

ASSOCIATION MÉJUS PRESCRIRE

“To work in independence, in favour of quality healthcare, first and foremost in the interest of patients (...)” (Article 1 of the Association MÉJUS PRESCRIRE bylaws)

Prescrire International is a monthly journal of selected texts translated from the French Journal Prescrire.

Prescrire International is published 11 times a year by Association MÉJUS PRESCRIRE, a non-profit organization, under the French law of 1901. Its board members are: Pierre Chirac (President); Séverine Carré-Pétrraud (Vice President); Dörte Gunther (Secretary General); Antoine Grandvalvillain (Deputy Treasurer); Bernard Topuz (General Secretary).

EDITORIAL STAFF

Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire’s “Non merci...” Charter. Members are free from any interest contrary to Association MÉJUS PRESCRIRE’s objectives (the Charter and the Declaration are available online at: english.prescrire.org).

Publishing reliable reviews that are easy to use and adapted to readers’ needs depends upon complex editorial procedures, all initiated and overseen by the members of Prescrire’s Editorial Staff. Members of the Editorial Staff define editorial goals. They oversee the literature search, the writing and rewriting of articles, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscriber base...). They organize internal and external quality control procedures, edit the final copy, and ensure the quality of the published texts. Details on how Prescrire’s content is produced are available online at the Prescrire in English website (english.prescrire.org) - see About Prescrire and How we work.

Review Panel: The following persons reviewed the articles, which were first published in Prescrire then translated for this issue of Prescrire International:
