EDITORIAL STAFF
Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire's "Non merci...” Charter. Members are free from any interest contrary to Association Mieux Prescrire objectives (the Charter and the Declaration are available online at en.prescrire.org).

Publishing reliable reviews that are easy to use and adapted to readers' needs depends upon complex editorial procedures, initiated and overseen by the members of Prescrire’s Editorial Staff. They oversee the literature search, the writing and rewriting of texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscribers, etc.). They organise internal and external quality control procedures, all initiated and overseen by the members of Prescrire's Editorial Staff. Members of the Editorial Staff define editorial goals. They oversee the literature search, the writing and rewriting of texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire's subscribers, etc.).

Details on how Prescrire’s content is produced are available online on the Prescrire website (en.prescrire.org) see the "About Prescrire" section, "How we work."
