Prescrire International is a monthly journal of selected texts translated from the French Journal Prescrire.

Prescrire International is published 11 times a year by Association Mieux Prescrire, a non-profit continuing education organisation (N° 1 711 078) under the French law of 1901. Its board members are: Pierre Chirac (President); Séverine Carré-Pétroud (Vice President); Dörte Gunther (Secretary General); Grandvigliamini (Deputy Treasurer); Bernard Topuz (General Secretary).

Prescrire is a founder and member of ISDB, a network of drug bulletins that works to improve drug use. Prescrire's subscribers have the right to have their personal data protected, which aims to promote international exchange of quality information on medicines.

Editorial Staff

Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire’s “Non merci...” Charter. Members are free from any interest contrary to Association Mieux Prescrire’s objectives (the Charter and the Declaration are available online at etude.prescrire.org) and must avoid any benefit from the pharmaceutical industry. They oversee the search for scientific evidence, analyse and discuss the texts, and the review by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscriber base...). They organise internal and external quality control procedures, and edit the final copy. Every issue is reviewed by outside reviewers.

Details on how Prescrire’s content is produced are available online at the Prescrire English website www.prescrire.org See About Prescrire and How we work.
