Its board members are: Pierre Chirac (President); Séverine Carré-Pétrraud (Vice President); Dörte Gunther (Executive Secretary); Dominique Grandvillemain (Deputy Treasurer); Bernadette Topuz (General Secretary); Maryline Duffils-Gelgon (Deputy General Secretary).

EDITORIAL STAFF

Members of the Prescrire Editorial Staff sign a yearly declaration of absence of conflicts of interest, in accordance with Prescrire’s “Non merci...” Charter. Members are free from any interest contrary to Association Mieux Prescrire’s objectives (the Charter and the Declaration are available online at english.prescrire.org).

Publishing reliable reviews that are easy to use and adapted to readers’ needs depends upon complex editorial procedures, all initiated and overseen by the members of Prescrire’s Editorial Staff. Members of the Editorial Staff have the final say on all the text decisions. The text is also reviewed by a panel of outside experts (medical specialists, methodologists, representatives of Prescrire’s subscriber base...). They organise internal and external quality control procedures, and edit the final copy. Every Prescrire article is published after text review. Details on how Prescribe’s content is produced are available online at the Prescrire English website (english.prescrire.org) see About Prescribe and How we work.
